Please Note: the positions with a "☆" require training. SCMHA will provide reimbursement for the training required to fulfill these specific volunteer positions. All volunteers working with the team need to take the online "Speak Out" course. HCSP/Safety is a classroom course that has an expiry date and needs to be renewed. Also, there are many coaching clinics that can be taken to obtain various levels of coaching. It is extremely important to have these qualifications met before the team roster deadlines in December.
